- Research and assist in script-writing.
- Shoot events as required.
- Help with gear set up (cameras, lighting, audio).
- Complete post-production work including: assembling raw footage, video cutting and editing, music selection, using Adobe After Effect to enhance the product, delivery of rough and final products.
- Experiment with styles and techniques, including the design of graphic elements, and the editing of sound and light, to ensure a high-quality viewing experience using video editing equipment.
- Log footage from various productions and continue to organize it for easy access.
- Perform other duties as required.

### Requirements

- A good working knowledge of the Adobe Premier Pro or Final Cut Pro and Adobe After Effect.
- Ability to use ADSLR Cameras.
- Understanding the video light concepts
- High level of attention to detail.
- Demonstrated videography experience.
- Ability to organize and prioritize numerous tasks and complete them under time constraints.
- Ability to work well within a team-oriented environment.
- Photography skills a plus but not essential.
