A Programming Guide November 2021

UAEU
The University of the Future

FOREWORD

It is with great pleasure that I welcome you to the UAE University's Pavilion at Expo 2020 Dubai.

Today more than ever, there is a need for solutions, for minds that connect to create; and purpose-driven individuals, and we at UAE University hope to bring this vision to life at Expo 2020 Dubai.

As the country's flagship university and the only participating university with a standalone pavilion, we will present a new model of higher education and introduce 'The Curriculum of the Future' that ultimately aims to overcome some of the world's most pressing challenges.

Over six months, the UAE University Pavilion will showcase achievements, milestones, innovations, and inventions to the world. The programming will be announced in waves throughout 2021 and 2022. There are different levels of engagement and collaboration that we look forward to having you be a part of.

I would like to express gratitude to the UAE University's community, the force behind a successful pavilion, the UAEU Expo team and leadership, faculty members, researchers, and students for creating an engaging programme.

I sincerely hope you will enjoy visiting the immersive journey at our Pavilion and encourage everyone to be a part of this monumental milestone that will transform education and learning of the future.

Together we will be sharing ideas with some of the globe's greatest thinkers and innovators, creating a long-lasting legacy to benefit our students for years to come.

Welcome to the UAE University Pavilion at Expo 2020!

PROF. GHALEB ALHADRAMI ALBREIKI
COMMISSIONER GENERAL OF UAEU PAVILION
AT EXPO 2020

INTRODUCTION

UAEU is set to have its own pavilion at Expo 2020. The pavilion is considered an innovative approach to higher education within this interactive exhibition, creating wonder, curiosity, and engagement.

Visitors will be able to experience a journey of exploration, where they can utilize their skills in solving different challenges. This journey will show them that “Nothing is Impossible”.

UAEU enrolls more than 13,000 students from 64 countries, through 81 programs, 9 Colleges and 9 Research Centers, and a Science and Innovation Park that connects academia to industry.

THE PERMANENT EXHIBITION

PATHFINDING JOURNEY

Embark on a stirring voyage of self-discovery and let the changing colors of a day in the Arabian desert surround you.

Inspired by one of UAE's most treasured traditions, dive into the bottom of the ocean to retrieve a magic tool. Your pearl will guide you through the journey, serve as a repository of knowledge and a testimonial of your unique path.

As you trek through the uncertainty of a sandstorm, the illusion of a mirage, and the resourcefulness of an oasis, use the pearl to unlock a galaxy of interactive experiences designed to spark a renewed dedication to become a lifelong learner. Ultimately embrace the power of collaboration and multiply your potential amidst the depth of a shining starry night before entering a bright new day. A breathtaking experience that brings to life an innovative approach to higher education.

10 AM - 10 PM
EVERYDAY

OCT 1, 2021 -
MAR 31, 2022

THE TEMPORARY EXHIBITION

DIGITAL EXHIBITION

UAEU - THE TREE OF LIFE

It all starts from a seed planted in 1976 by the Late Sheikh Zayed Bin Sultan Al Nahyan that blossoms and eventually become a tree with various branches and leaves that depict the precious assets/colleges of the UAEU.

Entries from different departments will be presented in an artistic video loop to deliver the message of time, growth, and contribution at the UAEU.

Student Milestones & Achievements

Our students are making great accomplishments—even before they graduate. Whether it is through research working with faculty members, internships through our community partners, or independent teams, we are taking on challenges and implementing innovative solutions.

Entering a new era of excellence

Workshop: A New School of Thought for Architectural Design Studio

Recent studies strongly supported that architecture is a cultural phenomenon. So naturally, humankind identifies with the built environment. This identity is not a matter of choice or preference; instead, it is a psychological process. At the local and international levels, the current architectural design studio faces a challenge in integrating this psychological need in the architectural design process's analysis, synthesis, and evaluation stages. This workshop introduces the initial examination of an innovative school of thought for the architectural design process based on Personal Construct Psychology and its analytical components. This teaching and learning approach enables the designers to explore and integrate the designer and society's construct system into the design process.

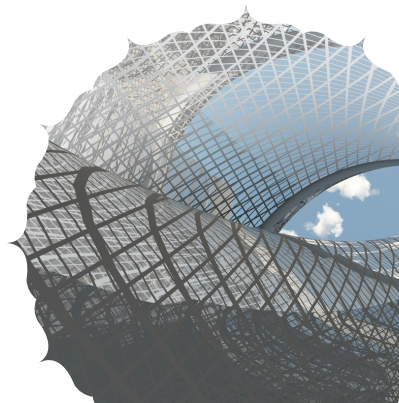

Organized and Co-curated by: UAEU & Australia Pavilion

Venue: Australia Pavilion

Time: 10 am – 3 pm

Event dates: November 9

Contact person: Dr. Ahmed Agiel
a.agiel@uae.ac.ae

17-18 NOVEMBER

Conference on the Promotion of the Values of Tolerance and Coexistence

The purpose of this conference is to bring together experts, states, international organizations, academia, indigenous groups, and civil society in order to present, promote and discuss the latest thinking and developments of the various expressions of the values of tolerance, inclusivity, and coexistence under the broad themes identified.

This conference will focus on promoting the values of tolerance, inclusivity, and coexistence from a variety of perspectives, including traditionally underrepresented groups.

Organized by: UAEU

Venue: UAEU Pavilion

Event dates: November 17 and 18

Contact person: Dr. Abdulla AlKhatib
aalkhatib@uaeu.ac.ae

Registration: By invitation only

In Partnership with

Global Manufacturing and Industrialisation Summit

The Global Manufacturing and Industrialisation Summit (GMIS) is the world's first cross-industrial and cross-functional platform that offers a voice and venue for leaders to transform manufacturing and utilise technology as a tool for global cooperation and collaboration to encourage greater investment in capabilities, foster innovation and drive global skills development.

Organized & Hosted by: the UAE Ministry of Industry and Advanced Technology and the UN Industrial Development Organization (UNIDO)

Venue: Dubai Exhibition Center (DEC)

Event dates: November 22

Speakers:

- H.E Zaki Anwar Nusseibeh, Cultural Advisor to the President & Chancellor of the UAEU
- Professor Ghaleb Ali AlHadrami AlBreiki - Acting Vice-Chancellor, UAEU

In Partnership with

AI SYSTEM FOR REAL TIME HAPPINESS MEASUREMENT SYSTEM

OCTOBER
1ST –
MARCH 31ST

An AI system will be used in the UAEU pavilion to analyze the level of happiness and other emotions of those who visit the pavilion before and after. A report will be generated to show findings by age, gender and emotions versus date or time

Organized by: UAEU | Happiness Center | AI and Robotics Lab

Venue: UAEU Pavilion
